INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Walton Johnson & Company

We have audited the accompanying statement of financial condition of Walton Johnson & Company, as of December 31, 2007 and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Walton Johnson & Company as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WALTON JOHNSON & COMPANY  
Notes to Financial Statements  
December 31, 2007

Note 1 - Summary of Significant Accounting Policies

**Organization and Business Activity**

Walton Johnson & Company (the "Company"), a wholly-owned subsidiary of The Walton Johnson Group, Inc. (the "Parent"), is a broker-dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company operates under (SEC) Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers are to be handled by a clearing broker-dealer. Receivables from broker-dealers are from the clearing broker-dealer.

The Company acts as a broker-dealer for municipal, government and corporate bonds and equity securities as well as an investment advisor to its clients. The Company's clients are located primarily within the state of Texas.

**Cash and Cash Equivalents**

The Company treats money market mutual funds and all highly liquid debt instruments with original maturities of three months or less not held for sale in the ordinary course of business as cash equivalents for purposes of the statement of cash flows.

**Management Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Commission Revenue**

Customer's securities transactions and the related commission income and expense reported on a settlement date basis. The amounts recorded for commission income and expense for customers' securities transactions approximate the amounts that would be recorded on a trade date basis.

**Advisory Fees**

Advisory fees include fees earned from providing financial advisory services. Such fees are recorded at the time the services are rendered and the income is reasonably determinable.

WALTON JOHNSON & COMPANY  
Notes to Financial Statements  
December 31, 2007

Note 1 - Summary of Significant Accounting Policies, continued

**Accounts Receivable**

Management has elected to record bad debts using the direct write-off method. Generally accepted accounting principles require that the allowance method be used to reflect bad debts. However, the effect of the use of the direct write-off method is not materially different from the results that would have been obtained had the allowance method been followed. The Company recognized no bad debt expense for the year ended December 31, 2007.

**Income Taxes**

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due, plus deferred taxes. Deferred taxes are recognized for differences between the basis of assets and liabilities for financial statement and income tax purposes. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. There were no material temporary differences during 2007.

**Receivable From Parent**

The Company reflects advance to the Parent as a reduction in equity.

Note 2 - Related Party Transactions

The Company and the Parent are under common control and the existence of that control creates operating results and financial position significantly different than if the companies were autonomous.

The Parent provides the Company with ancillary administrative services and office space as well as management services. During 2007, the Company incurred an expense of \$248,204 for these services. In addition, the Parent paid for payroll of the Company, which was reimbursed to the Parent in the amount of \$31,226 that is reflected as other expenses in the statement of operations.

As of December 31, 2007, the Company had advanced the Parent \$37,600 with an unsecured, non-interest bearing basis which was reflected as a reduction in stockholders' equity.

During the year the Company distributed from paid in capital \$29,256 as a reduction in amount owed by the Parent to the Company.

WALTON JOHNSON & COMPANY  
Notes to Financial Statements  
December 31, 2007

Note 3 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, a minimum net capital requirement must be maintained, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2007, the Company had net capital of approximately \$124,161 and net capital requirements of \$5,000. The ratio of aggregate indebtedness to net capital was 0 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 4 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEC Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

Note 5 - Income Taxes

The Company is included in the consolidated Federal income tax return of the Parent.

The income tax benefit of the Company during 2007 was comprised of the following:

Federal tax benefit at expected rates	\$ 37,600
State tax expense	<u>--</u>
Income tax benefit	<u>\$ 37,600</u>

Note 6 - Walton Johnson Group, Inc. 401(k) Plan

The Company participates in a salary reduction plan under the provisions of Section 401(k) of the Internal Revenue Code sponsored by the Parent. The plan covers substantially all full-time employees who have completed three months of service with the Company. The Company will contribute a matching contribution equal to 70% of the salary reduction elected by each employee up to a maximum of 6% of their annual salary. The Company may also decide to make nonelective contributions to the plan. The Company's matching contributions to the plan for 2007 was \$1,026.

WALTON JOHNSON & COMPANY  
Notes to Financial Statements  
December 31, 2006

Note 7 - Concentration Risk

At various times throughout 2007, the Company had cash balances in excess of Federally insured limits. Cash accounts at banks are insured by the FDIC up to \$100,000.

Note 8 - Commitments and Contingencies

Included in the Company's clearing agreement with its clearing broker-dealer is an indemnification clause. This clause relates to instances where the Company's customers fail to settle securities transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on unsettled trades. Management of the Company has not been notified by the clearing broker-dealer, nor are they otherwise aware of any potential losses related to this indemnification through December 31, 2007.

The Company is required to have a \$50,000 deposit with the clearing broker/dealer to assure the Company's performance under the agreement and this amount is included with "Receivable from broker and dealers" on the statement of financial condition.

Supplementary Information  
Pursuant to Rule 17a-5 of the  
Securities Exchange Act of 1934  
For the Year Ended  
December 31, 2007

## Schedule I

WALTON JOHNSON & COMPANY  
Computation of Net Capital Under Rule 15c3-1  
of the Securities and Exchange Commission  
As of December 31, 2007

### COMPUTATION OF NET CAPITAL

Total stockholder's equity qualified for net capital	\$ 129,262
Add:	
Other deductions or allowable credits	_____ --
Total capital and allowable subordinated liabilities	129,262
Deductions and/or charges	
Other deductions:	
Excess fidelity bond deductible	_____ (5,000)
Net capital before haircuts on securities positions	124,262
Haircuts on securities	_____ 101
Net capital	<u>\$ 124,161</u>

### AGGREGATE INDEBTEDNESS

Accounts payable	<u>\$ 326</u>
Total aggregate indebtedness	<u>\$ 326</u>

**Schedule I (continued)**

**WALTON JOHNSON & COMPANY**  
**Computation of Net Capital Under Rule 15c3-1**  
**of the Securities and Exchange Commission**  
**As of December 31, 2007**

**COMPUTATION OF BASIC NET CAPITAL REQUIREMENT**

Minimum net capital required (6 2/3% of total aggregate indebtedness)	\$ <u>22</u>
Minimum dollar net capital requirement of reporting broker or dealer	\$ <u>5,000</u>
Net capital requirement (greater of above two minimum requirement amounts)	\$ <u>5,000</u>
Net capital in excess of required minimum	\$ <u>119,161</u>
Excess net capital at 1000%	\$ <u>124,129</u>
Ratio: Aggregate indebtedness to net capital	<u>0 to 1</u>

**RECONCILIATION WITH COMPANY'S COMPUTATION**

The following serves to reconcile the differences in the computation of net capital under Rule 15c3-1 from the Company's computation:

Net capital per the Company's unaudited Focus report	\$ 124,162
Unallocated difference	<u>(1)</u>
Net capital per audit report	\$ <u>124,161</u>

## **Schedule II**

### **WALTON JOHNSON & COMPANY**

#### **Computation for Determination of Reserve Requirements Under**

#### **Rule 15c3-3 of the Securities and Exchange Commission**

**As of December 31, 2007**

### **EXEMPTIVE PROVISIONS**

The Company has claimed an exemption from Rule 15c3-3 under section (k)(2)(ii), in which all customer transactions are cleared through another broker-dealer on a fully disclosed basis.

Company's clearing firm:     Pershing, LLC

Independent Auditor's Report

On Internal Control

Required By SEC Rule 17a-5

Year Ended December 31, 2007

**CF & Co., L.L.P.**

CERTIFIED PUBLIC ACCOUNTANTS  
& CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors of  
Walton Johnson & Company

In planning and performing our audit of the financial statements and supplemental information of Walton Johnson & Company (the "Company"), as of and for the year ended December 31, 2007 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

14175 Proton Road • Dallas, Texas 75244-3604 • Phone: 972-387-4300 • 800-834-8586 • Fax 972-960-2810 • [www.cflfp.com](http://www.cflfp.com)

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
